*Canadians to Governments: Come Together Now on National Vision for the Future of Health Care*

The CFPM and the Ontario Society of Chiropodists will host a fundraising golf tournament on September 9, 2011 at the Royal Ontario Golf Course in Oakville, ON.

Tee off is at 1:00 pm (split tee format) with a dinner and silent auction to follow. The revenues from this event will be earmarked for the long and costly road ahead to achieve name standardization in Canada.

The next couple of years in Ontario will be a critical time. There are opportunities for changes that can't be disregarded. If we missed these opportunities to fight for these changes, it may be a long time before these opportunities come our way again. The time is

now to prepare for this process and an important component is financial. Funds are needed to pay for the many required expert consultants.

We need your assistance and full support! Name standardization in Canada is possible with your help. Please join us by attending this event. The cost is \$1000 per foursome and includes green fees, cart, dinner and prizes. Bring your family, friends and professional associates.

Don't miss this opportunity to make change happen. If we all work together, change is possible. Join us for this fun filled event on September 9<sup>th</sup>. Everyone is welcome regardless of ability. Registration now available.
